EDMONTON'S SECOND ANNUAL BONSPAIL

IS NOW IN FULL SWING—MANY INTERESTING GAMES

Are Being Played—Strong Rinks go Down to Defeat—Innisfail Making a Good Showing—Splendid Bospail Weather.

The Edmonton bospail is in full swing. A rink from Fort Saskatchewan arrived this morning to swell the numbers of the curlers. The ice in the curling rink proper is in splendid condition, but very little can be said for the four sheets in the skating rink. A feature of the bospail up to date, has been the number of supposedly very strong rinks that have gone down to defeat. The Innisfail rinks are proving themselves worthy players of the game. Both rinks have defeated almost every rink they have drawn with. Two interesting games yesterday were those between Kinnaird and Metz, and Kinnaird and Giles. Edmonton rinks. Metz defeated Kinnaird after a very close game by one shot in the morning and in the afternoon Kinnaird defeated Giles, probably Edmonton's strongest rink, by a score of 13 to 12, in a thirteen end game. McDonald played two runaway games yesterday with Downes and Somersall, Strathcona rinks, defeating Somersall 19 to 9 and Downes 14 to 1.

Lauder got a surprise in the Grand Challenge competition, by being defeated by Rae by a score of 12 to 11. Forin, Edmonton, defeated Wilson, Innisfail, by a score of 14 to 4, and then Wilson turned around and defeated Spafford, Calgary's crack rink, by a score of 12 to 6. Giles and Lauders game in the Smart trophy was very close, Giles winning by 12 to 10. Ibbotson defeated Cushing, 14 to 5, and then Cushing defeated Smart by 14 to 9. Gilmour, of Lacombe, and Downes, of Strathcona, played a very exciting game. At the 11th end Gilmour led by two shots, but in the twelfth Downes tallied 3, thus winning out.

A series of games commenced at 1:30 o'clock yesterday morning, resulting as follows:

We are pleased to report Mr. John Asher, who has been seriously ill for some time, much improved.

cently had no library, and upon the homes, where parents care more for the almighty dollar than for books, or "mind furniture." People should be educated to set high value on mind.

We may improve our literary tastes by "cutting out" the sentimental novel, by reading toward the Bible, by reading the Bible itself.

Rev. Prin. Riddell then delivered an address on "How can we help our young men?" taking the place of Rev. C. H. Huestis, who was afflicted with a very severe cold.

The Professor's address was enthusiastic and showed a thorough grasp of, and deep interest in, his subject. In the first place he showed that the young man will have companionship; and that as he comes into a strange place and gets into the wrong set, he does it by simply following the natural, God-given instinct of companionship.

In order to help him, we must have right views of ourselves, and right views of the young man. The first qualification for those who would help is, Be manly; show to the young man "straight up and down manliness." Cultivate the art of conversation. Be able to talk to anyone interestingly. Cultivate the power of friendliness. Get the interest, and then you'll get the friendship. Young men love to be doing—to be active. They want to act, and they want to

act right. They ought to have sports and the church ought to be interested in sport. The church should keep them with it, and give them all the work they can do in the church. The church is here to save men, and the way to save a man is to get a man after him. God give the church such men, who love men, and are interested in men; then men will be helped and saved.

Mrs. F. S. Green and Dr. A. A. Nicholls, each sang a beautiful and much appreciated solo, during the session.

The session was then closed with prayer.
